Supporting A Culture of Safety
For Attraction Leaders

It makes common sense to ensure that a strong safety culture should be one of the fundamental values of any modern attraction. The guests, employees, contractors and entire attractions industry expects this of your attraction. This one day training program assists you to understand the key pillars of safety culture and build your own personal safety leadership capabilities within your organisation. Learn about best practices within the industry as well as a range of strategies that you can apply in your role to have a positive impact on your workplace safety culture. Lead safety beyond systems compliance, to enhance continual improvement and productivity.

The one day workshop will cover:

• The Costs of Not Developing A Culture of Safety
• The Elements of a Good Safety Culture
• Training For Safety
• Conducting Safety Briefings
• Safety Reporting
• How To Conduct A Risk Assessment
• Being a Safety Champion
• Safety Leadership Behaviors

Who should attend?
• Human Resources & Training Personnel, Safety Teams, Managers, Supervisors and Team Leads.
