

Train-The-Trainer For Attraction Leaders

Equip Managers and Supervisors who will be conducting on-the-job training with the knowledge and skills to conduct training on-the-job.

An intense 3 day training program that upskills anyone involved in the training process to improve their skills as an adult workplace trainer. The program focuses on equipping trainers to train individuals and small groups on-the-job. Participants will learn about adult learning principals, the importance of record keeping, planning for engaging training, practical training presentation skill as well as learn how to assess competency based workplace training.

The three day training program will require the participants to:

- Demonstrate Adult Principles
- Identify barriers to learning
- List the characteristics of effective trainers
- Competently complete training record keeping requirements
- Demonstrate the breaking of tasks into small teachable components
- Design a skill training session
- Conduct a skill training session
- Assess for competency

Who should attend?

- Managers, Supervisors & Team Leads
